Behavioral Exclusion Policy

Our ultimate goal in discipline is to teach children to self-discipline, self-control, and self-direct. It is in part our responsibility to teach your child to participate, cooperate, and be a responsible member of a group. On occasion a child's behavior may place the child and/or others in danger or interfere with the care of the rest of the center.

In order to have no or few situations of inappropriate or unacceptable behavior, the staff must first consider the following principles of discipline:

1. Positive methods of guidance and discipline are used.
2. Tell a child what they CAN do, rather than what they can't do. Focus on the do's instead of the don'ts.
3. Protect and preserve children's feeling that they are lovable and capable.
4. Offer children choices only when the staff is able to abide by the child's decision.
5. Give the child safe limits they can understand.

In the event that a child presents unacceptable behavior with the potential of hurting themselves, others, or property, staff will intervene immediately by:

1. The teacher will remind the child that their behavior is not acceptable and will present the child with appropriate options.
2. If the behavior continues, the child will be asked to sit in a chair for the amount of time that is appropriate for their age.
3. If the child refuses to go to the area on their own, the teacher will give them the choice to go on their own or be assisted by a teacher. If they refuse, the teacher will gently guide them to the area.
4. In the event that the child is not cooperating with the instructions of the teacher, the director or the director's assistants will be called into the classroom to help guide the situation.
5. If child's behavior continues through the day, a parent or guardian will be called and the child will have to leave the center for the remainder of the day.
(Teacher will log all incidents.)

Kids' Zone staff will:

- Use positive reinforcement.
- Not exceed gentle physical guidance.
- Present child with options of doing it themselves or getting help from a teacher.
- Only hold child long enough to get them to a safe place.
- NEVER be left alone with a child. They may leave the room but another staff member must be able to see them at all times.
- Not use physical restraint of a child.
- Not withhold food or use of the bathroom as a punishment nor shall a staff member name call or demean the child in anyway.
- Inform parent/guardian of any and all behaviors during the child's day so parents/guardians are aware.

Inappropriate and Unacceptable Behavior may include but is not limited to:

-Child's actions

- Aggressive, physical, or verbally threatening actions towards another individual.
- Refusal to comply with a teacher's instructions or requests.
- Treating Kids' Zone property with a lack of respect.
- Disrespecting another child or Kids' Zone staff.
- Hitting, kicking, spitting, or biting a staff member or child.
- Inability to adjust to the program after a reasonable amount of time.
- Ongoing uncontrollable tantrums or angry outbursts.

-Parent/Guardian actions

- Fails to abide by Kids' Zone policies or requirements.
- Demands special services that are not provided to other children and cannot reasonably be delivered by the staff.
- Physically or verbally abusive or intimidating behaviors towards staff or children.

If a child is continuing aggressive, violent or disruptive behavior with no improvement the following options are available:

- Parent/Guardian meeting to discuss and implement a behavior plan which may include additional professional services and assessments.
- Parent/Guardian's may seek alternate care arrangements for their child if they believe Kids' Zone is no longer a good fit for them.
- If parents/guardians support does not improve the child's behavior, we reserve the right to terminate enrollment.
